Annual Appeal Volume

Total Cases	Serious Cases	Expedited Cases
2146	1269	143

This report contains the number of cases calendared in accordance with the expedited regulation, and the effectiveness of the regulation in obtaining voluntary abatement by the employer.

Of the five cases abated after 120 days, four were abated within 140 days. One case was set for hearing 154 days after it was docketed due to a continuance being granted because of an illness of a participant. The case settled at the hearing, and the parties resolved the abatement issue in that settlement. The specific date the acceptable abatement was implemented is unknown.

*In February there are two cases in the "still awaiting hearing process" column. One needed additional time, due to the complexity of the case, and the other has been heard and is awaiting the ALJ's decision.
